Louisiana Books 2 Prisoners is a volunteer-run program dedicated to providing **free reading material** to people who are locked up in the following states: **Louisiana, Alabama, and Arkansas**. Due to our limited budget and inventory, we can only send one package each month to each person.

Please fill out your **full name, ID number, prison, and address** above.

You may write your requests on the back of this sheet, fold it up on the dotted lines, and mail it to us. Please include any **mailing restrictions** at your facility. In the future, you can just send us a letter and include this information. This form is optional.

Please let us know the **type of book** or **genre** you would like to read. Our library is diverse but small, so we may be unable to fulfill specific requests. We will try to select books that match your interests, but we ask that requests also include **general types** of books or genres rather than specific titles. We do not have a catalog of available books.
